The **Long Island Index** will be announcing the winner of their "**Build a Better Burb**" competition at our 40th Anniversary Gala Luncheon.

CDC of Long Island is committed to promoting efforts to support innovation in the design of revitalizing our aging downtowns. The Long Island Index invited architects, urban designers, planners, students, and visionaries to submit bold design proposals for capitalizing on the potential of the "under-performing asphalt" found in dozens of downtowns in Nassau and Suffolk counties.
